NIHAL MANJUNATH

+91 9902443540   Bangalore, Karnataka, India   nihalmanjunath.cs22@bmsce.ac.in

ABOUT ME

Aspiring software engineer with a strong focus on app development, full-stack web development, and data structures & algorithms. I'm driven to solve challenging problems and be the one who cracks what others can't. Currently exploring machine learning to expand my impact through intelligent systems.

EDUCATION

Course	College /University	Year	CGPA /%
B.E, CSE	BMS College of Engineering	Expected 2026	7

PROJECTS

2024 September

BMSCE

BMS College Canteen App *-React Native, ReactJS, NodeJS, FireBase*

Developed a user-friendly mobile application for BMS college canteen, enabling students to view menus, place orders, and make payments seamlessly. Utilized technologies such as React Native, Firebase and followed Agile development practices to deliver a robust and scalable solution.

2024 February

BMSCE

Interior Design Website *-HTML/CSS, JavaScript, MongoDB*

Designed and developed a website to showcase modern and sleek home decor solutions in the field of interior design. It includes a collection of hand-picked portfolio projects displaying examples of space planning, and furniture settings for converting interiors into comfortable and eye-catching spaces.
